

## Repeal The Healthcare Steal Says Vernon Parker For Congress

On Sunday night, Obama, Pelosi and the Democrat Party defied the American people. They took over your healthcare. The American people may not know all that is in the bill, but they do know it will reduce the quality of our healthcare and possibly bankrupt our country.

If the Democrats think they have won, they are mistaken. This fight is just beginning. Now is the time to elect conservatives to Congress to repeal this bill.

When I am elected to Congress with your help, I will vote to repeal this bill! I will also support true health care reform by allowing you to buy medical insurance across state lines and reigning in frivolous lawsuits.

This legislation is so unpopular in America, and within the Democrat Party itself, that it took backroom deals like the Cornhusker Kickback and flip-flops by so-called “pro-life Democrat” Bart Stupak for the Democrats to barely drag their bill across the finish line.

This legislation requires every American to buy health insurance or face a financial penalty enforceable by the IRS. This legislation requires every small business with 50 or more employees to provide health insurance to their employees or face financial penalty. And for the 23% of seniors enrolled in Medicare Advantage, this legislation means they will see higher premiums or loss of coverage.

Will you join me today and take back our health care by **donating \$35**, \$50, \$100 or even the maximum allowable - \$2,400?

The American people are on our side. Poll after poll shows the American people reject Obamacare. The Democrats refused to listen to the American people. They will pay for it dearly on Election Day.

Let's send them a message. If everyone who receives this email **donates \$35** or more, the Democrats will know they made a huge mistake.

The deadline for my 1st quarter election report is March 31st – just days away. If you **donate now** the Democrats will see in dollars and cents just how angry we are.

With much appreciation for your dedication to the cause we share,

Vernon Parker Candidate for Congress

Third Congressional District of Arizona

P.S. Please take the time today to make your contribution online. Together let us repeal this outrageous takeover of your healthcare.
